- 1 x Rechargeable Battery
- 1 x UV Protective Glasses
- 1 x USB Cable

When you receive your package, please check the package content at the first.

(Tips: Please remove the insulation film of the battery before use)

## 2, Install Battery

Please refer to the image above to install the battery.

The Battery Polarity: Battery (+) goes in first, Battery (-) is close to the power switch

It's recommended that use the included battery to power the flashlight.

### 3, How to use

Power Button

Press heavily the power button to turn on/off the flashlight

#### 4, How to charge the battery

Charging Indicator/Power Indicator:

There are a total of 4 small indicator lights, all of which are on when the battery is fully charged. As the power is consumed, the number of small indicators that stay on will also decrease

Low Battery Indicator. When you use the flashlight normally, the indicator light will flash when the battery is too low to remind you that it's time to recharge the flashlight  
Charging Time(Fully Charged): 5V/1A: 8 hours; 5V/2A: 4 hours.

Tips: When the flashlight battery is too low (the light is dim), it is recommended that you charge it in time to avoid damage to the battery caused by over-discharge
